

Product Data Sheet

Product Code: CLN1

Issued: September 28, 2016

What is CleanSave 1?

A powerful, perfumed all-purpose detergent for cleaning floors and all hard washable surfaces. It blasts away dirt, spillages, food residues, smoke films and oily spots from floors, walls, benches and painted surfaces. It is ideal for cleaning floors sealed with Agar floor polishes.

CLEANSAVE 1 is a part of the CLEANSAVE Closed Loop Chemical and Dispensing System which prevents cleaners from having contact with the concentrated chemicals.

CleanSave Range

The CLEANSAVE is a range of performance driven, concentrated chemicals that are supplied in tamper-proof packaging for dispensing through a range of modular automatic dilution systems. Each convenient 2.4L bottle comes fitted with a safety insert that stops cleaners from being able to access the concentrate. The products can only be diluted through dispensers, providing complete control over dilution, improving safety and stopping over-dosing and product wastage.

Key Benefits of CleanSave 1

- ✓ Highly concentrated to get more out of each bottle
- ✓ Virtually no product wastage or 'over dosing'
- ✓ Has a powerful cleaning action
- ✓ Low-alkaline and aggressive on dirt
- ✓ Provides control over dilution
- ✓ Rapidly removes soilage
- ✓ Colour and number coded for ease of use and safety
- ✓ Environmentally responsible, biodegradable and phosphate-free
- ✓ Reduces packaging, transport and storage requirements

How Does It Work?

This highly active cleaner with deodorant action suspends dirt and soil so it won't redeposit onto floor, does not need rinsing from floors, and will not harm alkali-sensitive finishes.

For Use On...

CLEANSAVE 1 will remove all dirt and spillages including foodstuffs, drinks and cooking oils and general traffic dirt from floors and walls. It cleans waxed and polished floors, walls, glass, terrazzo, marble, slate and other surfaces needing a low-alkaline cleaner. Use by mop, sponge or autoscrubber.

CLEANSAVE 1 is an excellent scrub-back detergent for polished floors when used at stronger concentrations.

Technical Data

Properties

COLOUR – Transparent pink liquid

ODOUR – Floral perfume

pH = 9.0 ± 0.5 (at use concentration)

FOAM – Low to medium foam height, suitable for autoscrubbers, mopping and manual scrubbing

Environmental Care

CLEANSAVE 1 conforms with all statutory environmental requirements. It is based on safe ingredients selected to perform efficiently so there is no waste or damage. CLEANSAVE 1 is non-flammable and non-caustic. CLEANSAVE 1 is biodegradable. CLEANSAVE 1 containers can also be recycled.

Quality

The design, manufacture and supply of all Agar chemical products is controlled by the Agar Quality Management System which is registered and externally audited by SAI Global as complying with the requirements of AS/NZS ISO 9001 "Quality Management Systems – Requirements".

First Certified: 30 April 1996

SAI Certificate No.: QEC7358

Application

The ready-to-use solution of CLEANSAVE 1 is available from your Agar Detergent Dispenser for either bottle fill or bucket fill. Simply select the product and push the button while holding the hose in your bottle or bucket.

Apply the solution to the area being cleaned with either an autoscrubber, mop or sponge and scrub until clean. Rinse with water if required and allow to dry.

Agar Cleaning Systems maintains Safety Data Sheets (SDS) on all of its products. These sheets contain information that you may need to protect your employees and customers against health or safety hazards associated with our product. Agar Cleaning Systems recommends that you obtain a copy of the respective SDS sheet prior to using this product. The information in the Product Data Sheet is based on data we believe to be reliable. It is offered in good faith, but without guarantee, as conditions and methods of use of our product are beyond our control.
