

The Chemistry of Cleaning

# TURBO-GLEAM

Wash and Wax Detergent Concentrate

## Product Data Sheet

Product Code: TU

Issued: February 15, 2011

## What is Turbo-Gleam?

TURBO-GLEAM is a powerful wash-and-wax cleaner for removing road dirt, oil and carbon from truck, car and bus paintwork, rubber, chrome and glass. TURBO-gleam waxes the paintwork to protect it from the elements and give it a sparkling shine.

### Key Benefits

- ✓ Effective removal of traffic film and road dirt.
- ✓ Improves shine of paintwork.
- ✓ Will not cause rusting. Contains corrosion inhibitor.
- ✓ Makes future cleaning easier.
- ✓ Dries streak-free.

## How Does It Work?

TURBO-GLEAM is a concentrated vehicle detergent for breaking down and removing road dirt, mud, oil films, exhaust soot and insect residues from most vehicles.

### For Use On...

TURBO-GLEAM is for use on trucks, cars, 4WD's, caravans, boats, motorbikes, trains and trams. It is effective for cleaning paintwork, rubber trims and tyres, chrome, aluminium, glass, mag wheels, fibre glass and vinyl surfaces.

TURBO-GLEAM may be used with soft or hard water. It is a 'Quick Break' detergent, allowing total segregation of oil and water.

## Technical Data

### Composition

TURBO-GLEAM is nearly pH-neutral. It contains natural and synthetic surfactants, sequestrants, builders, corrosion inhibitor and water, together with natural carnauba wax.

### Properties

COLOUR – Opaque yellow liquid

ODOUR – None  
pH = 7.5 – 8.5  
FOAM – High foam of moderate stability

### Environmental Care

TURBO-GLEAM conforms with all statutory environmental requirements. It is based on safe ingredients selected to perform efficiently so there is no waste or damage. TURBO-GLEAM is non-flammable and biodegradable. TURBO-GLEAM containers will be cleaned and reused if returned to Agar Cleaning Systems Pty Ltd., significantly reducing plastic usage and waste. They can also be recycled.

### Quality

The design, manufacture and supply of all Agar chemical products is controlled by the Agar Quality Management System which is registered and externally audited by SAI Global as complying with the requirements of AS/NZS ISO 9001:2000 "Quality Management Systems – Requirements".

First Certified: 30 April 1996

SAI Certificate No.: QEC7358

## Application

- It is best to use TURBO-GLEAM on cool surfaces (i.e. in the shade, if possible).
- Hose down the surfaces to remove excess dirt and dust particles.
- Dilute TURBO-GLEAM to between 1 in 50 (for heavy soil or foam-gun application) and 1 in 150 (for light soil or brush-on application). This is about 30-90mls per 1/2 bucket of water.
- Spray or brush the solution over all surfaces until completely wet, working from the bottom upwards.
- Allow to soak for 2 to 5 minutes so the TURBO-GLEAM can break down the dirt. Do not allow it to dry. Add more solution if necessary.
- Rinse off with a hose or pressure washer to remove all of the dirt and detergent. TURBO-GLEAM must be rinsed off BEFORE it dries out.
- To remove baked-on dirt or bug splatters use TURBO-GLEAM straight from the bottle on to a soft cloth.

Agar Cleaning Systems maintains Material Safety Data Sheets (MSDS) on all of its products. These sheets contain information that you may need to protect your employees and customers against health or safety hazards associated with our product. Agar Cleaning Systems recommends that you obtain a copy of the respective MSDS sheet prior to using this product. The information in the Product Data Sheet is based on data we believe to be reliable. It is offered in good faith, but without guarantee, as conditions and methods of use of our product are beyond our control.
