

DISPENSERS

Solopol® **GFX™** Dispenser

Unique, patented 3.25 litre sealed cartridge dispenser for exclusive use with Solopol® GFX in industrial workplaces.

USAGE

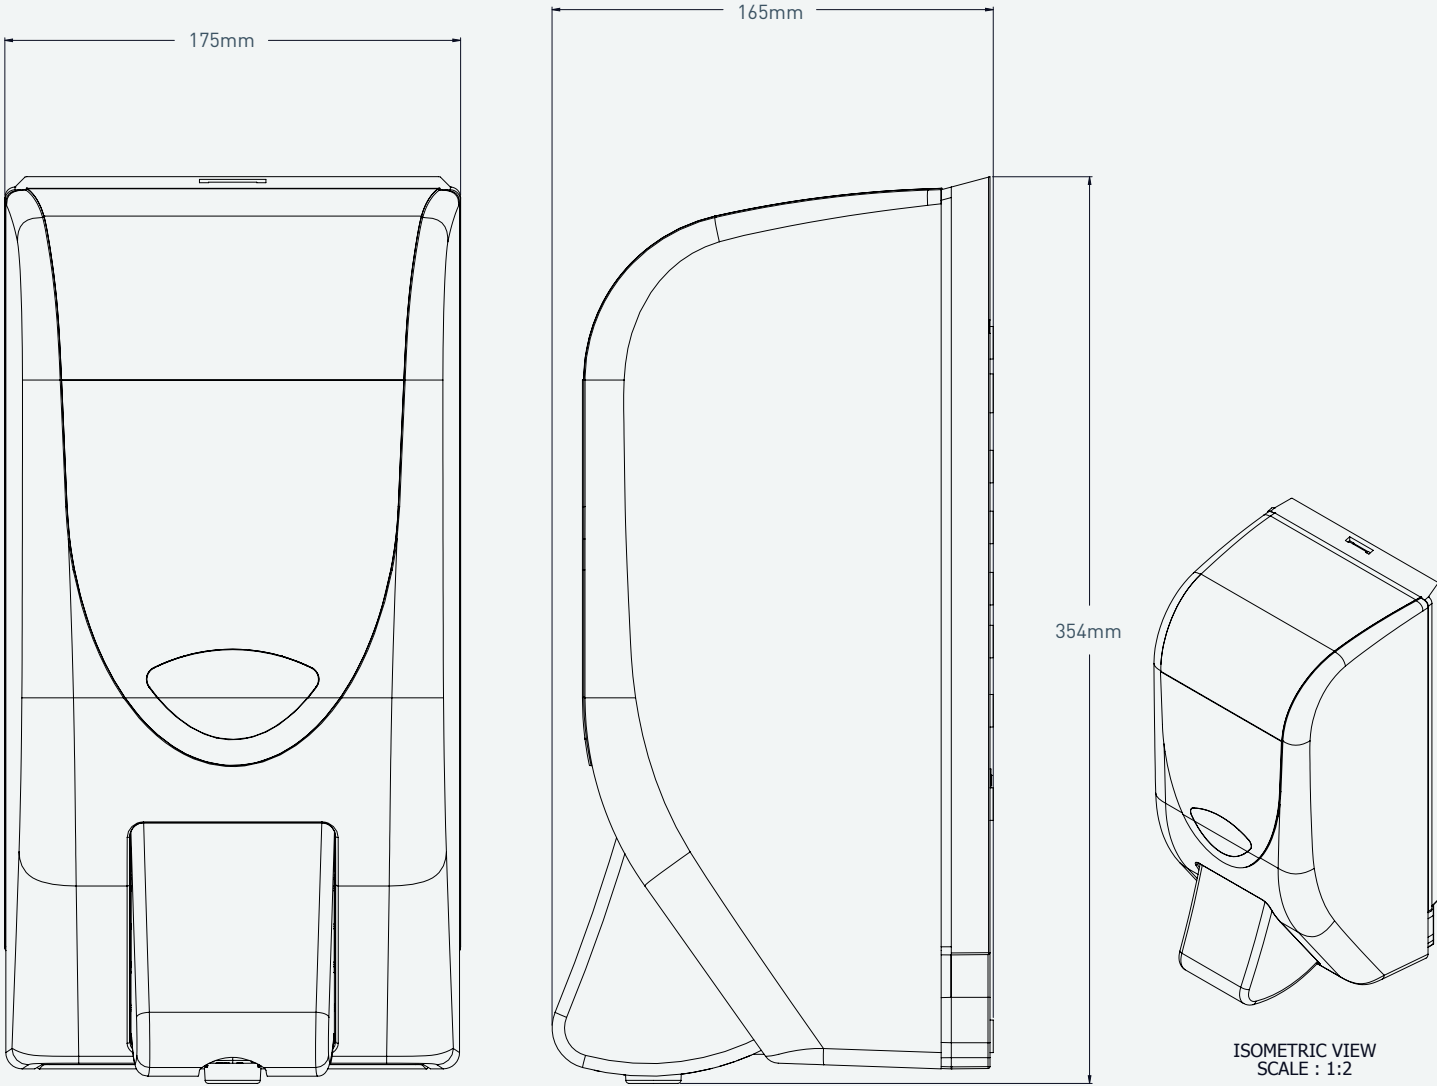

For exclusive use with Solopol® GFX™ cartridges to form part of a tailored 3-step skin care programme for industrial workplaces.

METHOD OF USE

Push the large button to dispense a controlled dose of product appropriate for the application required. Empty cartridges are easily replaced in seconds.

| FEATURE | BENEFIT |
|--|---|
| Durable design | <ul style="list-style-type: none"> Manufactured from durable plastic components and rigorously tested for high usage environments, providing assurance of quality and long-term cost efficiency. Dispensers are guaranteed for life against normal wear and tear. |
| Large push button | <ul style="list-style-type: none"> Minimise the operation force required to allow easy use by hand or elbows. |
| Fixed product dose with full firm activation | <ul style="list-style-type: none"> Delivers the exact amount required, controlling usage and reducing waste. Discourages unnecessary 'jabbing' and product overuse. |
| BioCote® protected  | <ul style="list-style-type: none"> Dispensers are exclusively protected by BioCote® a silver-based antimicrobial agent that is incorporated into the plastic components at the time of manufacture and inhibits the growth of a broad spectrum of bacteria and moulds. BioCote® will not wear-out or rub-off and is effective for the lifetime of the dispenser. |
| Colour Coding | <ul style="list-style-type: none"> Colour coded to integrate with Deb's 3-step skin care programme. |
| Sight glass | <ul style="list-style-type: none"> Provides visibility of the level of product in the cartridge to identify when product needs replacing. |
| Unique locking mechanism | <ul style="list-style-type: none"> Helps prevent unauthorised access, pilferage and product contamination. |
| Hygienic, airless cartridge | <ul style="list-style-type: none"> The ultrasonically sealed cartridge and pump mechanisms prevent the ingress of air into the cartridge during use to help prevent product contamination and ensure 'fresh' product is dispensed every time. |
| Minimal waste | <ul style="list-style-type: none"> The air-tight cartridges are designed to collapse to minimise product waste. |
| Simple cartridge replacement | <ul style="list-style-type: none"> The exclusive Solopol® GFX™ cartridges can be replaced in seconds, reducing maintenance time and costs. |

| Stock code | Dispenser | Cartridge capacity | Dimensions (mm) | Shot size | Applications per cartridge |
