The Sprinklear Spray Handle
Flat Mop System

Sabco Professional
The Sprinklear Spray Handle Flat Mop System

Description & Benefits

The easiest way of mopping

The Sprinklear Spray Handle Flat Mop System is the fast, easy and ergonomic way to clean small areas. Forget the bucket. Everything you need is in one hand. You just have to fill the tank with the cleaning solution and start cleaning.

- Ready to use all-in-one flat mop system
- Easy to use; no training required
- Velcro and Flaps and Pockets flat mops compatible
- No buckets and wringers needed
- Lightweight and Ergonomic design for fast cleaning
- Cost saving on chemicals and water usage
- Ideal when lack of laundry facility & storage space are issues
The Sprinklear Spray Handle Flat Mop System

How to use it

1. **Attach the base to the spray handle**
2. **Insert the € security clip to the base**
3. **Attach the base to flat mop**
4. **Fill the tank with cleaning solution, using a bottle, a jug or tap water**
5. **Press the button once to release 10ml of solution or keep pressed for constant release**
The Sprinklear Spray Handle Flat Mop System

The Spray Handle
